

Cognitive neuroscientist using neuroimaging techniques and cognitive testing to investigate social cognition and its underlying neural mechanisms in farm animals.

Social cognition · Multisensory perception · Animal welfare · MRI · EEG · Comparative neuroscience · Neuroinformatics

Education

- 2007 – 2011 **PhD in Psychology**, *University of Glasgow, UK*
Supervisor: Frank Pollick · **Title:** *An fMRI and psychophysical investigation of the temporal factor of audiovisual integration*
- 2006 – 2007 **MSc Research Methods of Psychological Science**, *University of Glasgow, UK*
Honors: Awarded with Distinction · **Supervisor:** Frank Pollick · **Title:** *How audio and visual cues interact to discriminate tempo of swing groove drumming*
- 2002 – 2006 **MA Social Sciences: Psychology & Philosophy**, *University of Glasgow, UK*
Honors: First Class Honours

Professional Experience

- Nov 17–Present **Chargé de Recherche**, *UMR Physiologie de la Reproduction et des Comportements, INRAE, CNRS, Université de Tours, France*
Team: Neuroethology and Social Cognition
- Nov 15–Aug 17 **Research Engineer**, *Imagerie et Cerveau, Université de Tours, Inserm, France*
Supervisor: Christophe Destrieux
- Apr 15–Oct 15 **Researcher**, *Laboratoire de Psychologie Cognitive, Aix-Marseille Université, CNRS, France*
Supervisor: Adrien Meguerditchian · **Team:** Comparative Cognition
- 2013–2015 **Researcher**, *Institut de Neurosciences de la Timone, Aix-Marseille Université, CNRS, France*
Supervisor: Pascal Belin · **Team:** Neural Basis of Communication Lab
- 2011–2013 **Post-doctoral Fellow**, *Department of Psychological and Brain Sciences, Indiana University, USA*
Supervisor: Aina Puce · **Team:** IU Social Neuroscience Lab

Funding

- 2026 – 2027 **Building Collaborative Research Capacity for Behavioural and Neurophysiological Studies in Sheep**, *NEOLAia - ANR - Plan France 2030*
Role: Coordinator · **Amount:** 20k · **Partners:** University of Nicosia · **Description:** International mobility to advance cognitive neuroscience studies with sheep.
- 2024 – 2026 **Towards high-resolution neuro-behavioral quantification of sheep in the field to study complex social behaviors**, *National Institute of Health*
Role: Local coordinator · **Amount:** 685k USD · **Partners:** Rice University, Georgia Tech, Centre de Recherches sur la Cognition Animale, Baylor College of Medicine · **Description:** Development of high-resolution neuro-behavioral approaches to study complex social behaviours in sheep.
- 2024 – 2026 **Connaitre le cerveau des animaux pour mieux comprendre leurs comportements (CoCerA-CoCo)**, *ANR SAPS-RA-AI*
Role: Partner · **Coordinator:** E. Chaillou · **Amount:** 150k · **Partners:** Université d'Angers (LARIS), Université d'Orléans (ERCAE), Université de Tours (LIFAT), Université Savoie Mont-Blanc (LISTIC), INSERM (iBrain), CEA (NeuroSpin), ZooParc de Beauval, Beauval Nature · **Description:** Citizen science project investigating the link between brain and behaviour across species.
- 2021 – 2024 **Neuroimagerie fonctionnelle des mécanismes de la perception des voix chez le mouton (Sheep-VoicefMRI)**, *ANR JCJC*
Role: Coordinator · **Amount:** 200k · **Description:** Functional neuroimaging investigation of voice perception mechanisms in sheep.

- 2020 – 2021 **Functional MRI of the sheep auditory cortex**, *Crédits Incitatifs PHASE-INRAE*
Role: Coordinator · **Amount:** 20k · **Description:** Development of functional MRI approaches for studying auditory processing in sheep.
- 2020 – 2022 **Exploration de nouveaux biomarqueurs émotions chez la poule : le rougissement et les immunoglobulines A (RED)**, *Métaprogramme SANBA-INRAE*
Role: Partner · **Coordinator:** A. Bertin · **Amount:** 50k · **Partners:** UMR ISP, UE EASM · **Description:** Investigate whether transient changes in the facial skin colour chickens reflects their emotional state.
- 2019 – 2020 **Phénotypage de la maturation hypophysaire : impact de l'allaitement artificiel (Phéno-MatHyp)**, *Crédits Incitatifs PHASE-INRAE*
Role: Coordinator · **Amount:** 20k · **Description:** Multimodal investigation of the impact of artificial rearing on the brain and pituitary gland.
- 2018 – 2022 **Neurobiologie des comportements des animaux, démarche de sciences participatives au collège (Neuro2Co)**, *Projet d'intérêt régional*
Role: Partner · **Coordinator:** E. Chaillou · **Amount:** 210k · **Partners:** iBrain (INSERM), LIFAT (Université de Tours), NeuroSpin (CEA), ZooParc de Beauval, Beauval Nature · **Description:** Research programme combining animal neuroscience and participatory science education.

Teaching

- 2022 – present **Lecturer**, *Master 2 Psychologie Cognition, Neurosciences et Psychologie*, University of Tours, France
 Teaching to groups of approximately 20 students per year
 ○ 2026 – present: Ethics as a bridge between cultures and disciplines (Online international course)
 ○ 2022 – present: Comportements sociaux, apprentissages et émotions chez les animaux
 ○ 2022 – 2025: Anglais et communication scientifique
- 2013 **Lecturer**, *P335 Cognitive Psychology*, Indiana University, USA
 Lecturing to approximately 200 students
- 2007 – 2010 **Tutor**, *Level 1 Psychology*, University of Glasgow, UK
 Teaching to groups of approximately 15 students per year

Supervision

- 2025 – present **Elina Garcia**, *PhD*, University of Tours
Role: Co-supervisor · **Topic:** Perception sensorielle et états affectifs de l'ovine : Approche en électroencéphalographie non-invasive.
- 2021 – 2025 **Camille Pluchot**, *PhD*, University of Tours
Role: Co-supervisor · **Topic:** Caractérisation du cortex auditif ovin à l'aide de l'IRM fonctionnelle et de l'histologie
- 2018 – 2022 **Marine Siwiaszczyk**, *PhD*, University of Tours
Role: Co-supervisor · **Topic:** Plasticité anatomique des régions cérébrales associées aux comportements adaptatifs
- 2025 **Elina Garcia**, *Master 2*, University of Toulouse
Role: Co-supervisor · **Topic:** Caractérisation d'un pipeline d'analyse de l'activité cérébrale mesurée par électroencéphalographie (EEG) non-invasive chez la brebis adulte (*Ovis aries*) afin d'évaluer l'impact d'interactions positives avec l'humain
- 2020 **Melanie Kraemer**, *Master 2*, Université Jean-Monnet
Role: Co-supervisor · **Topic:** Etude comparative du développement neurobiologique et physiologique d'agneaux élevés avec la mère et d'agneaux élevés en allaitement artificiel sans la mère, études de trois glandes endocriniennes
- 2020 **Guillaume Ubiema**, *Master 1*, University of Tours
Role: Co-supervisor · **Topic:** Impact d'une exposition sonore (musique) sur le développement neurocomportemental des agneaux.
- 2018 **Terence Saulnier**, *Master 1*, Université Grenoble Alpes - UGA
Role: Co-supervisor · **Topic:** Delimiting the subcortical regions of the sheep brain: a high-resolution 3D MRI atlas
